Dear Ms. Rubin:

Thank you for sharing your list of questions that you submitted to the Virginia Department of Health. I appreciate hearing from you and knowing that you have been in contact with my staff member, Courtney Schlieter, and discussed the health effects of sludge being used as a fertilizer on farm fields in your area.

I understand your concerns and will be mindful of your views should I have the opportunity to consider legislation relevant to this issue. I also have forwarded your concerns to the Virginia Department of Health and asked for a response to your concerns. Please be assured I will share any response I receive.

Please continue to keep me informed of the issues that concern you.

Thank you again for your letter. Best wishes.

Sincerely,

Frank R. Wolf
Member of Congress
